Sciencedipity Workshop

Children in Year 1 all enjoyed a science workshop with Sciencedipity. The children shared their knowledge of materials and their properties and explored a range of different materials in their groups. The children investigated which materials were magnetic, waterproof and conduct electricity. Some children identified that "some metals can be bendy" and that "glass is not the only material that is transparent". The children also enjoyed exploring how some materials can change with heat too.

Did You Know?

Materials that are liquid or gas are moved through pipelines from mining sites to storage tanks.

KIND HANDS, KIND FEET, KIND WORDS, KIND ACTIONS

We are inclusive, confident, and enterprising learners who are brave, curious, optimistic, and kind. We are ready to embrace the future!

Autumn Day

Recently, children in Reception had their Autumn Day 2023. The children had an exciting day filled with many Autumn themed activities. Activities included making Autumn Crowns, printed different 2D shapes, delved into their learning of Diwali and made their own Diva lamps in association with the Diwali story of Rama and Sita, who followed these lamps to find their way home after Rama rescued Sita.

One of the most exciting events of the day, was a visit to the school cabin. The children were able to build dens out of big sticks, ropes, and materials. They were also able to use trowels to dig and find hidden bugs in the ground to observe their characteristics. The excitement of visiting a woodland space and experiencing the outdoors allowed the children to become fully immersed in the Autumn Day.

Autumn day ended with the children being treated to hot chocolate and marshmallow to celebrate a day full of fun activities.

KIND HANDS, KIND FEET, KIND WORDS, KIND ACTIONS

We are inclusive, confident, and enterprising learners who are brave, curious, optimistic, and kind. We are ready to embrace the future!

Netball

Year 4 children did not let the weather deter them from having their lesson in Netball in recent lessons. This term, in PE, the children are learning about netball. The children practised their chest pass and incorporated one of the fundamental footwork rules of netball – not to walk whilst holding the ball.

Sound Waves

In Science, the children in Year 2 have been exploring sound waves. Using plastic cups, rice and clingfilm, the children investigated whether they could observe sound waves. They created a sound using an instrument and watched the rice react to the vibrations. The children found this very exciting, and they could apply their learning on Sound.

KIND HANDS, KIND FEET, KIND WORDS, KIND ACTIONS

We are inclusive, confident, and enterprising learners who are brave, curious, optimistic, and kind. We are ready to embrace the future!

PTFA

Breakfast & After School Club

Please note that an important letter regarding Breakfast and After School Club was sent out recently. We ask everyone who utilises this provision to carefully read the letter and cooperate with us.

Thank you in advance for your cooperation.

Creative Writing Competition

Creative Writing Competition is back! We encourage all children to enter the monthly competition and show their creative writing skills. We can't wait to read your pieces.

What will you write? A story, a newspaper report or a story?
